Monique

Sacre bleu! We really love saucy French maidens, and now the Channel Tunnel is open for business we can expect to see the trade barriers go down, closely followed by the knickers of choice froggie crumpet like Monique.

This over-the-top beauty is from Marseille, and tells us she enjoys being naughty.

"I love talking dirty to all my men," laughs the 47-year-old secretary, proudly thrusting her formidable cleavage in our direction. "I tell them exactly what I want. If I want the doggy position, for example, I just stick my derriere in the air and say: 'Do me from behind, now'."

It never fails to have them spunking all over my backside, and I've never had a man refuse me."

Those rolling r's as she's talking to us are getting us excited too.

So she obviously doesn't find the language barrier a problem.

"No, because I know all the really important words, you know?"

Naturellement.

Melanie

Some girls have that look about them that warns you not to get on their wrong side. One such lady is fortysomething eastender Melanie, who works in a fairly rough pub not too far removed from television's Queen Vic...

"We get some right hooligans in," she says. "But I don't stand any nonsense. If any of my punters misbehave then I go over there and toss them right out on the street."

That doesn't sound too bad to us; personally speaking we love being taken in hand by a dominant woman...

Of course there's a softer side to Melanie as well. "I like pulling things for men," she admits, "and that's why I got my job as a barmaid in the first place. I enjoy meeting blokes and flirting with them. And yes, I like having sex with them."

No wonder she reckons she has more satisfied customers than any other east end barmaid!

EXECUTIVE TOY!

Dear Ed.,

If there's one thing I can't abide, it's to see an honest, hard-working man go bankrupt. My boss's office supplies company hasn't shown a trading profit in three years, and it's only down to his kind heartedness that he hasn't started laying people off.

All I can do is try and cheer him up – and work hard, of course. Even though he's middle-aged, I find him very attractive and if it wasn't for his awful wife, we'd be seeing much more of each other. I'm hated in the office because everyone assumes – wrongly, I might add – that I'm milking Douglas for everything I can get. The truth is, all I get from him in material terms is the occasional dinner. True, he gave me an interest-free £10,000 loan, but I've nearly paid that off. So I'm not exactly a parasite, am I?

"Hello? I'd like to cancel that 999 call I made ten minutes ago!"

I don't know why I let Douglas get away with touching me up – because I feel so sorry for him, I guess. Also, his wife's such a fat old cow, it stands to reason he must be terribly frustrated.

I must admit, I enjoy taunting my boss. I'm fortunate in having one of those full, voluptuous bodies which makes sexually-orientated men go weak at the knees. I always wear stockings – never tights and when it's the middle of my monthly cycle and I'm feeling mega-horny, I don't wear panties.

Curiously, my boss prefers me in panties. Sometimes when I draw my chair up to his desk to take dictation, I lift my skirt and spread my legs. He enjoys prodding my silk panty crotch into my vaginal crevice, making my damp patch get bigger and bigger with his infernal clit-twiddling. Other times, when we're working late and everyone's gone home, I open his fly and massage his cock with my stockinged foot. It's hard to concentrate with his fingers right up my fanny, but he seems to enjoy the kinky stuff.

Sometimes, after a fretful day and we've been working late, we open a bottle of wine. Douglas gets very depraved when he's been drinking and because I've got such a shapely bottom, he likes me to drop my knickers and bend down to touch my toes while he sits there at his desk ogling me.

I particularly like it when he explores me with his tongue. It really makes me drool and have wicked fantasies of having a saucy threesome with him and my boyfriend, Steve. Douglas up my pussy, Steve in my mouth. Now, that would be something else!

Whether my boss's business will survive, remains to be seen. In the meantime I'm more than happy, being his sexual plaything. I'm not the brightest secretary in the world, but my curvy bottom and great big titties more than compensate.

Jenny,
London N1.

HUSBAND'S PHONE HABIT!

Dear Ed.,

When I went through my phone bill for the past quarter, it was obvious something was wrong. My husband had made no fewer than sixty-one premium rate calls and when it transpired they were sex lines, I was livid. Dammit all, I reasoned, if he had a kink for sex on the phone, why not call me from the office?

He went as white as a sheet when he came home that night and I told him I knew about his phone sex habit, and furthermore that, having dialled one or two of his favourite numbers, I was disgusted by the unspeakable filth on offer. We went to bed without screwing that night, but the following afternoon, he phoned me. He said he wanted to talk dirty to me, to try and get me playing with myself. The things he said were totally pornographic and, eventually, breath-takingly obscene. But you know something? It was so incredibly erotic, listening to his dirty talk (and giving as good as I got, I might add), that I did as he asked. Yes, I hiked my skirt and pushed my fingers up my pussy, I was so turned-on. And when he got home that night he confessed that he, too, had masturbated during our filthy conversation, to the point of ejaculation.

"He said he wanted to talk dirty to me, to try and get me playing with myself"

At the age of forty, I figured my husband and I had just about exhausted every sexual possibility. But not only have we discovered a new turn-on, it's available at cheap local rate, as opposed to 48p, premium rate!

Kay,
Bellingham.

A RIDE IN THE CUNT-RY!

JILL GOT A BIT MORE THAN A QUICK FIT WHEN SHE WAS RESCUED BY TWO KNIGHTS OF THE ROAD!

It was on the road to Aberystwyth when the Coke that I'd had at the M-way services first started to tell me that I was going to have to find somewhere to stop for a pee. No problem, I thought. There's bound to be another services area before too long, or if not, I can always leave the M-way at the next exit and find a pub to stop at.

After another half an hours driving and twenty odd miles later, the urge had become more desperate and the signs kept telling me that there were no more services for another thirty miles, so I just had to get off the M-way and find somewhere to go.

No matter that I'd never heard of the place before, I left at the next junction, wondering whether I had time to find a loo - maybe it would be quicker to find a lonely lane or something and go behind

That's what eventually happened, I shot off at junction 13, unlucky for some, and found myself actually driving faster than I was when I was on the M-way, such was my need. It turned out to be a beautiful bit of countryside and I wished that I'd had the time to appreciate it, but what I needed much more was an appropriate place to stop off the road, where I could leave the car.

At last, after a hectic five minutes going up ever smaller roads I found a spot, switched off and bolted for the nearest bush and - sweet relief.

It was a smashing place that I'd picked and although I could just hear the M-way in the background it seemed quite remote and peaceful and almost picture postcard like in its scenery, so taking the chance I decided to stretch my legs and explore around a bit. There was a lovely little stream with cool running water and although it was a bit stony I took off my shoes and went for a paddle and memories of childhood days came flooding back to me as I relaxed in the water. Feeling a bit adventurous I decided to have a go at crossing the stream for no other reason than because it was there, but what was surprising was how deep it got in the middle, so I hitched my skirt and pressed on. Even that wasn't enough, now it seemed that which

ever way that I tried to go it got deeper, so with a feeling akin to panic I whipped off my skirt to keep it dry - and then promptly dropped it in the water. What a fool I felt, chasing it downstream and stumbling over the stones and hurting my feet, but it was gone, gaining on me all the time, there was nothing for it but to go back to the car, half naked - good job it was nearly deserted.

Worse luck was to come, the car had been overheating on the M-way and now it wouldn't start, I nearly flattened the battery in my frustration but it was no good - I was stuck in the sticks with no skirt and a car that wouldn't start - some day off this was turning out to be!

It was a little while later when I'd just about got over the tears when Andy and Eric, a couple of twenty-year-old hunks turned up in their XR3, lucky for me they stopped and asked if everything was all right. Well, that was okay so far, we were only talking through the car windows, but when Eric got out to help me and found that I was skirtless, he called over to Andy and said, "I think you'd better come and have a look at this, I might need a hand."

I tried to cover myself up, but it was hopeless, so while Eric peered under the bonnet of the car, I spluttered out the unconvincing story about how I come to lose my [illegible] and brazenly-g[illegible] of the car and joined the two men.

While Eric and Andy were bending over the engine I couldn't help but admire the turn of their trim little bums and the strong muscular backs with the wide shoulders that spelled out powerful strength.

"It's no good," said Andy. "I think the radiators had it. Here, take a look at this mess, love," he said to me.

As I bent over to see what he was talking about, two hands came to rest on my panty clad backside giving it a stroke and a quick goosing.

"Now now, you'll get me all worked up and excited," I said. "Are you sure that this radiator's broken?"

As I stood up and faced Eric, Andy pushed his bulgy crotch into my bum and gave a wriggle and Eric grabbed a handful of tit and massaged it with his hand as he kissed me. I was so taken by surprise I didn't have a chance to say no, and smothered as I was by these two gorgeous hunks of men, I could do nothing other than respond by pushing back on Andy's swelling cock and deep throating Eric as he snogged with me.

I could feel my nipples stiffening under

Eric's manhandling and I desperately wanted him to unhitch me and take them into his mouth.

"Let's get over there behind that rock," I said to the boys. "We can't do anything here we might get seen," I continued, winking at them knowingly.

Andy grabbed a rug and the next thing we knew we were all helping each other to get undressed before laying down on the warm turf.

"Eric headed for my boobs and Andy went straight down on me."

Eric headed for my boobs and Andy went straight down on me. It was heaven; I spread my legs wide and while I was being plated I fisted Eric off slowly and sensually. Andy found my love button and in between licking round it with his tongue he sucked at it until it was large enough to get between his lips.

I went mental, I pulled Eric up by the root of his prick until I could get his helmet in my mouth. Using my tongue I licked all round under his foreskin and then directed my attention to the underside of his bulbous knob. It wasn't long before I felt Andy sliding up my body

and his chopper entering my aching wet slippery cunny, stretching me out to the limit. The sensation was so overpowering that I came immediately, panting in between sucking Eric's prick, the dribble running from the corner of my mouth and making a puddle on the rug.

Andy started his humping and as he did he pushed in harder and faster until I could feel his knob head hitting the end of my love tube and stretching the entrance to my womb. Quite abandoned, I sucked Eric for all that I was worth until I felt his cock twitch and spasm and my mouth was suddenly full of sperm.

Andy was down to his short strokes and really humping it into me hard when I came myself. Then Andy made it in a hail of pants, grunts and sweat, flooding up my pussy and womb with his hot sticky semen - it was heavenly.

After I'd subsided we all changed position and I got a second dollop of spunking all round before they were sufficiently satisfied to give me a lift to the nearest garage.

I was a bit late arriving at Aberystwyth that day - but to anyone travelling to Wales I can recommend the scenery - but beware of passing knights of the road.

HANNA

You probably will not be surprised to learn that Hanna told us she has a very sensitive pair, and that she loves to have them massaged. But before you go jumping in and making a fool of yourself, let us quickly specify that this wanton wench is talking about her feet!

"They're the most sensitive part of my body," confesses the lusty legal secretary from Scunthorpe, "and believe me, that's saying something! My stockings are the last things to come off when I'm being seduced. I slide them off one by one, and then I feel really naked and vulnerable."

"Guys play with my toes for hours, teasing the little soft bits between them and kissing the soles. Rubbing oil into them really gets me going too. It's like the most intensive massage possible and it affects every little part of your body."

"I'm too shy to tell you what I do for them in return for all this attention but you can be sure it's gripping stuff."

LEA

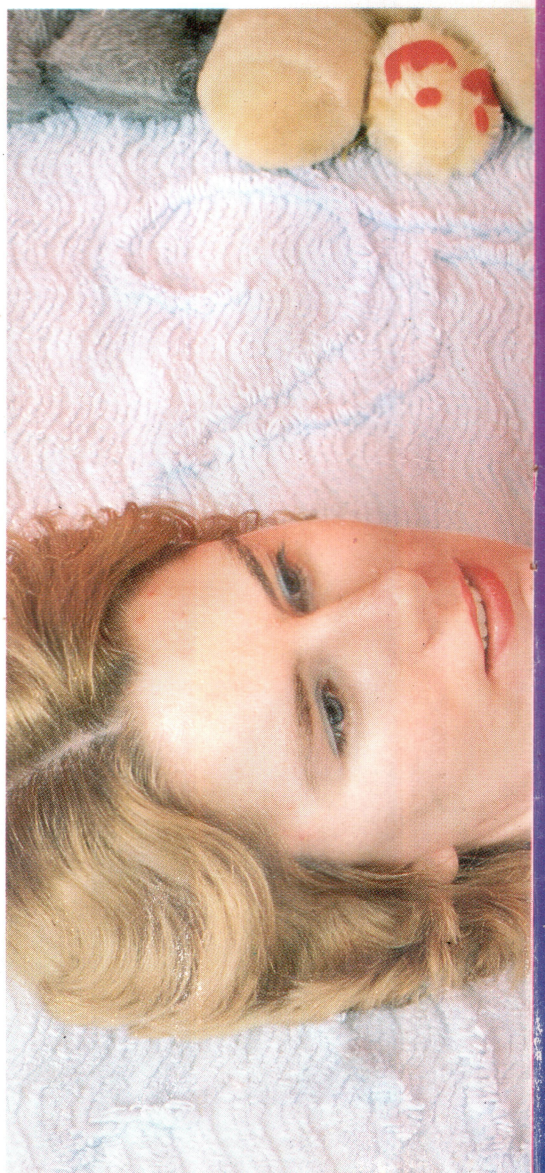
Lusty Cambridge housewife Lea reckons that her two favourite things in life are men and... er, men. "My ideal male must be tall, dark and hands..." she says with a wink. Does she mean handsome?

"Not necessarily!" Although Lea has her fair share of admirers in her job behind the bar at the **Hand And Racket,** she insists there is no one she fancies sharing her bed with at the moment. "I'm afraid that most of the blokes who chat me up are piss artists," she sighs. "The only thing they are good for is staggering home to the wife with a bad case of Brewer's Droop!"

"I like my men to be stone cold sober. That way they can give me their full attention in the bedroom - or maybe down some cosy back alley."

So what will Lea's dream man be like?

"Oh, it won't be just the one," she laughs. "No, I'm far too polite to give any man the brush-off! I'm a girl who needs an unbelievable amount of attention, both in and out of the bedroom. You could say I'm not easily satisfied!"



Brenda

Busty Brenda may not be the most attractive woman who has ever graced these pages, but she hasn't half got a lovely pair of wibbly wobblers!

A masseuse by profession (hand or boob relief is extra, apparently), 42-year-old Brenda is a fun-loving character who is not backward in coming forward.

"I've always been proud of my assets," she grins, tweaking those enormous nipples impudently, "and I love showing them off to the camera. The thought of all those fellas out there giving it one off the wrist over them is quite a turn-on!"

When she's not stripping for men's mags or giving middle-aged businessmen stiffness relief, Brenda likes to go out on the razzle with her girlfriends and cause havoc in her home town of Coventry.

But don't the men you meet find you a little difficult to cope with?

"Well, they always say I'm a real handful," she smiles.

We wonder why?

POLLY

When a sexy sort like Polly offers to whip up a tasty treat in her kitchen, food is likely to be the last thing on the menu. "I never do any cooking at home," admits Polly. "I'm partial to a nibble, though, if you know what I mean!"

The 50-year-old bundle of fun is married to a tyre fitter - probably a Michelin Man, and says that both of them like their sex like they do their food - hot and spicy.

"I'm certainly not a shy girl," purrs Polly with a wicked glint in her eye. "I like to dress up in sexy stockings and suspenders, then I'll flash my fella a bit of leg. Food's the last thing on my mind if he gets a taste of m

FLASHING IN THE PARK!

Dear Tess,

I have to say that all my friends warned me that my new girlfriend Sarah would turn out to be something of a handful, and how right they were. The trouble is that I'm over forty and she's only in her twenties and because she's young enough to be my daughter, and beautiful enough to be in films, she's got me wrapped round her little finger. All she has to do to get a new pair of shoes or a new skirt out of me is to flutter her lovely eyelashes or wriggle her curvy little bum, and I'm flashing the plastic like there's no tomorrow.

Flashing is the operative word. Sarah and I were out strolling in the park - trying to wear off the effects of a very liquid lunch that she'd conned me into buying at an expensive new French restaurant - the idea being to sober up a bit before going home for an afternoon's shagging. But Sarah had other ideas.

Seeing a tall leggy girl approaching in a short black miniskirt, Sarah said, "Quick, flash your prick at her and see what she says."

"No way," I laughed slightly drunkenly.

"Well if you won't, then I will," she giggled in return.

I suppose I could have stopped her if I wanted to, but the fact is I'm proud of my John Thomas - its one of those that looks better soft than all hard and erect. Sarah deftly flipped him out as the girl passed and said, "and it's all mine."

"Filthy fucking tart," the girl hissed, in a most unladylike manner, and Sarah and I collapsed into a fit of giggles.

There was no use protesting, so I let her draw me out of the cover of the bushes and she slowly and lazily wanked me, keeping me on the boil while we waited for someone to happen along. Happily for me, the first person was a quite respectable middle-aged woman walking her pooch, I mean, it could have been an under cover copper, then we would have been in trouble.

Once we'd got her attention, Sarah dropped to her knees in front of me and took my tool in her mouth. To our amazement, far from running away screaming blue murder, the dear lady calmly walked up to us and said to Sarah: "I'd hang on to him if I were you dear. You've got a real man there!"

The encounter really had my adrenalin pumping and I had one of the best orgasms I'd ever experienced. I'd loved to have taken them both back home for a kinky threesome, but the lady disappeared as fast as she came.

A.J.

Wimbledon.

"Sarah dropped to her knees in front of me and took my tool in her mouth."

I pulled Sarah behind some bushes and out of sight of the path and pushed her down on her knees and put my soft cock in her mouth. She yanked open her blouse and pulled her bra up over her tits so that I could squeeze her boobs while she gobbled me off. But just when I was about to blow my tube she quit sucking and mischievously said, "Let's show you off to someone now you're all good and hard."

Susan

For 43-year-old Susan, modelling for *40 Plus* was a dream come true. "I've always been a bit of a show-off," said this lusty shop assistant from Lancashire, "and when I was a young girl I would have loved to get into doing some naughty photo sets for men's magazines.

"Unfortunately I never had the nerve. But now I've got a few more miles on the clock I've also got the confidence to go for what I want out of life.

"With all my boyfriends I've liked to give them a bit of a show before we have sex - let them see what's on the menu, if you like. But in their bedroom there is only one pair of eyes on you.

"Knowing that literally thousands of men were going to see me getting excited, I was a thousand times hornier! And I hope that comes across in the pictures..."

We think it does!

There are some girls you randy *40 Plus* readers can't seem to get enough of, and it seems like titanic Joy is top of your list. So many of you asked her to show her dynamite domes again, that she just couldn't say no!

"I feel like I know your readers all so well," she grins, looking deceptively innocent as she twiddles with her saucer-shaped nipples. "You've written me so many raunchy letters that you obviously know me pretty well."

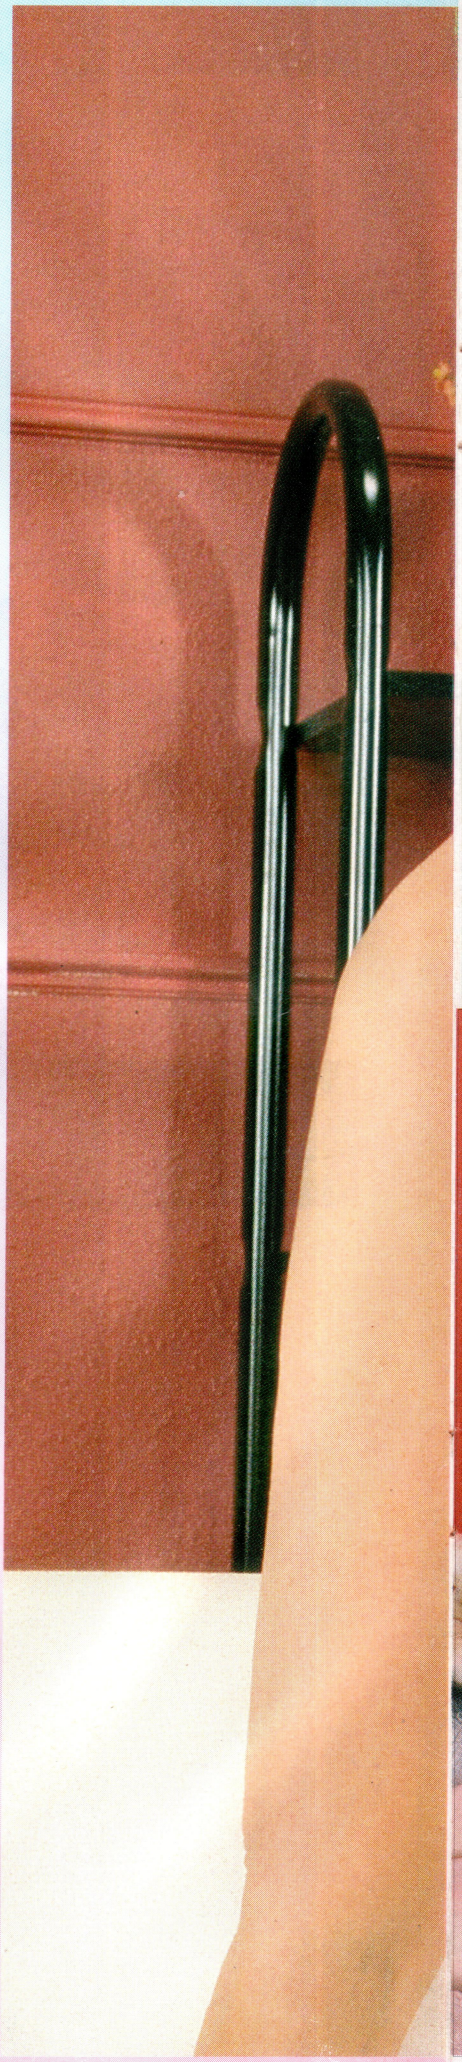
"Anyway, since we're such good friends now, I wanted to do something really special this time. I would like to offer one of you a chance to take me out for an evening on the town. All you have to do is write me a special letter telling me where you'd take me if you had the chance. Who knows, you might get lucky!"

So what kind of man does Joy go for?

"Well, I know this may sound strange," she says, "but he must be an animal lover, because I don't go for anyone who is unkind to pets. When we get back to my place for a nightcap, I expect him to be very attentive to my pussy as well as my tits..."

There shouldn't be any problem there!

JOY

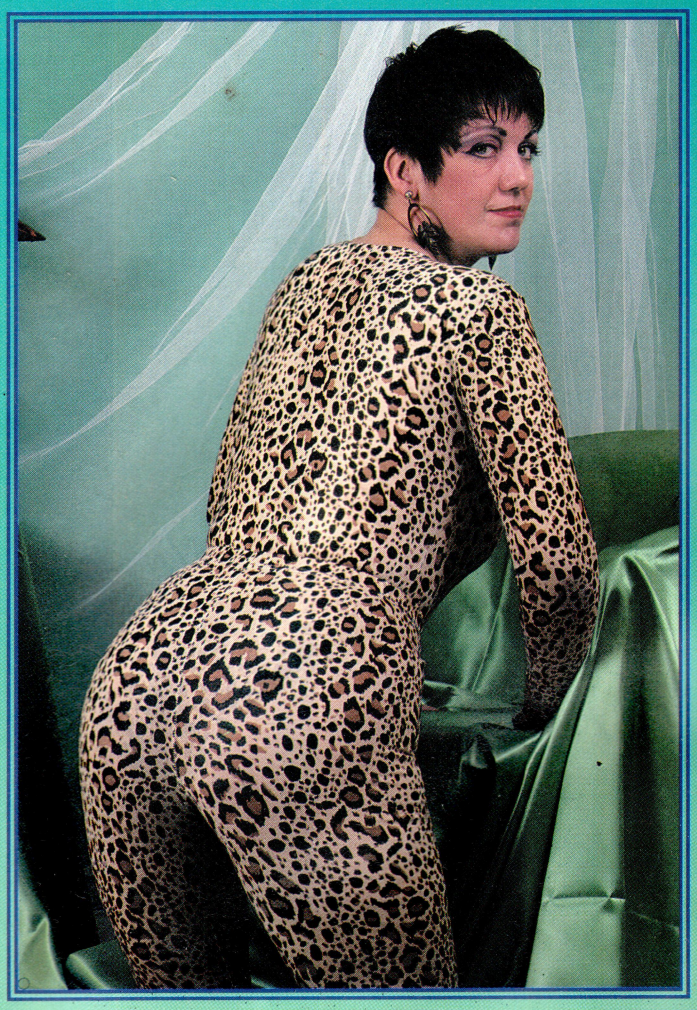


HI-DE-HI!!

Peggy's life changed totally in 1980 thanks to the BBC hit series Hi De Hi! As you will doubtless notice she bears a striking resemblance to everyone's favourite holiday voice-to-wake-up-to, Miss Gladys Pugh. Being called Peggy - which happens to be the name of the series' dizzy chalet maid - helped a bit too.

My husband Bert sent some pictures in to a newspaper lookalike competition and I came second. That started the ball rolling and I was signed up by a lookalike agency. Since then I have had a brilliant time. I've done commercials in Germany, done a striptease on French TV and things - I'll tell you about later - in Scandinavia. Hi De Hi! is really popular all over the world, so it has opened lots of doors for me, unbelievable really isn't it. The hardest part was getting the Welsh accent right. The irony is that when I was in my twenties I was a blue coat at a well known Holiday Camp on the South Coast near Weymouth in Dorset, and boy what wild times they were.

I was taking a year off school before University and got the job after answering an advertisement in The Stage newspaper. I shared a staff chalet with two other girls, and eventually half the male population of Southern England. Boy did we go at it - I know how bunk beds got their name, I can assure you. The camp was very unusual, because there were dangerous cliffs nearby they didn't allow children under 16. As a result it became the mecca for young couples and singles all looking for a poke. In those days I had bleach blonde hair and things were a lot firmer all round, even the "throbbing gristle" as we used to call it, seem to have been much harder and longer. Probably because now I am over forty I need something more substantial to satisfy



me.

Anyway, as I was saying, that particular summer was a total scorcher and as the temperatures rose so did those lovely dicks. We used to put notches on the kitchen cabinet, that's when Jane wasn't hanging from it by her wrists - she was a mucky bitch. We also had an early warning system. We had a Nookie, the bear glove puppet, in the window of the chalet permanently and if you pulled a string at the back his eyes used to cross. If one of us was nesting on something, either day or night, we would tie the string to the door handle and Nookie's crossed eyes would tell the others to sod off for a bit. But if my memory serves me correctly half the time we didn't give a damn who came in anyway, and we were about as choosy as starving hyenas. I used to do the bingo calling sometimes and after a couple of days of calling out everybody's favourite 69, at least five or six blokes would shout, "not half Peggy".

"He shafted me backstage at the camp talent show. It was really funny, I was front end of a pantomime horse"

It was also that summer that I met my husband. In those days I called him Robert, but after some of his teeth fell out and his bald spot extended from back to front I started calling him Bert. He was down from Bristol with three mates and I spotted him in the knobbly knees competition. He had a pair of white football shorts on which were really tight. On the lunch box front he could have shown Linford Christie how to pack his sandwiches. In fact, as I discovered later his knob almost touched his knees - he was, and still is - a big boy, and the dear could get a hard on if I winked.

He shafted me backstage at the

camp talent show. It was really funny, I was the front end of the pantomime horse and Jane was the rear. With an arse like hers it was type casting I can tell you. Robert whipped my knickers down and fucked me rigid from behind and I kept the horse's head on for a laugh. Boy did I whinny. Quite apt really as he was hung like a donkey. He was besotted with my tits, which in those days were like ski slopes with puppies noses - and I used to put all sorts on them so that he could lick it off. Semolina, Double Devon cream, Birds Custard and even Tapioca, and he wasn't averse to a dollop of jam. I knew I was in trouble when Jane and the other girl, whose name I can't remember, caught sight of his massive donger and registered a desire to sample it. Normally that wouldn't have been a problem, but I suddenly got very possessive, which was totally out of character for me. By the end of the week I was faithful and very knackered, boy did that one eyed monster make my eyes water. Within another fortnight I had stopped the indiscriminate shagging and within a month I had hung up the horses head, given Jane the top bunk, and moved up to Bristol.

Three kids and twenty odd years later I hadn't as much as sniffed a stray foreskin, let alone felt the joy of a strange dick. Bert and I were in the depths of marital habit and I was bored out of my mind. Thank goodness for Gladys Pugh. After winning the lookalike competition things really started to look up. Bert got his libido back, mainly because he knew that if he didn't supply me with donkey dick then I was sufficiently in the limelight now and again to sit on something new, sharpish. To be honest he didn't mind if I strayed, because he fancied a local barmaid, so I helped him pull her. She came round to the flat one night and Bert and I got her pissed as a rat and I watched her give that lovely big cock a really expert head job - she couldn't believe her watering eyes. I was really proud of being the custodian of the cock, and while he fucked her I licked his balls from behind and then wanked him off to finish all over her face. When Bert comes he really comes - seven or eight major league spurts of steaming hot spunk. After that the precedent was set. He'd done the dirty deed, so why shouldn't I ? We didn't discuss it, we both just sort of knew.

My first new knob for twenty odd years accomplished two things. First, it was about as satisfying as cold toast with no butter. Like a

chipolata compared with Bert's Sauerkraut. And second, it made me determined to go on the Great Donger Search. Bert and I stuck some ads in some contact magazines for sex mad couples and went for it. Boy did we have some fun! There's nothing like getting tarted up to the nines knowing that in ten minutes the door bell will go and two total strangers are going to whip their kit off. There was a bit of jealousy at first as I was always getting the rough end of the deal. Not that some of the blokes weren't good looking, don't get me wrong, but the girls were getting my Bert's stonker and I wasn't. But then we met Leroy and Patsy. Patsy is only 20 and Leroy is nearly 12 - inches that is! I could hardly believe it. He is from Trinidad, and with the lights off all you could see of Leroy was his teeth and eyes. Being fucked by Leroy and my Bert together was like Christmas over and over again. Patsy is a little darling, so old Bert got his just deserts as well. The first time was brilliant, I sucked Bert until he was good and hard and it was lying about three inches above his belly button, but Patsy didn't bat an eyelid, she just slid over rubbed it a few times with her tits and then deep throated him. It wasn't until I looked round and saw Leroy wanking that I realised why Patsy didn't register shock at the sight of Bert's. He had four fingers of one hand up her cunt and was tossing himself off with the other. Then he leaned forward and gave himself a blow-job. I was over there as quick as my knees could carry me. I licked it from top to bottom and sucked his black hairy bollocks, which were dwarfed by his magnificent cock. It made me proud of my Bert yet again, because Patsy was obviously not disappointed with his lovely lob, but I could barely get my mouth round Leroy's massive dick, and Patsy came over to help. These two white girls sucking this enormous black dick sent Bert mental. Soon he was fucking us alternately as we paid homage to the great black donger. Leroy couldn't stand that for more than a minute and was soon slamming my cunt. Great slurpy, farty, thigh slapping strokes searing into my box. Bert was shagging Patsy with such venom she was screaming in ecstacy. Then Leroy started dragging me backwards and forwards by the tits and suddenly whipped out his dick and splattered my back with hot spunk. I felt it shoot up my spine from top to bottom and hit my hair. Bert obliged Patsy with a face full as he pulled her face on to his cock with her hair.

Since then we have stopped shopping around for fresh meat. What we've got between us is enough. Mind you there might be something out there that Patsy and I might find entertaining...

We spend most weekends with Patsy and Leroy as well and we are going on holiday to Greece with them - we're sharing a tent in a nudist camp! I can't wait to see all those fat German women's eyes when Bert and Leroy get their shorts off. Plenty of scope for another story, so look out for "Carry on Campers".

God Bless Gladys Pugh, where would I be without you!

"These two white girls sucking this enormous black dick sent Bert mental. Soon he was fucking us alternately as we paid homage to the great black donger"

GLENDA

Over forty but still well naughty, gorgeous Glenda has had half a lifetime to get used to having the sort of tits that draw admiring glances in the street.

"I've had to put up with all the usual comments in my time," she laughs. "From the old favourite, 'I bet you don't get many of them to the pound, luv!' to the bloke who said, 'I'll bet your kids have stretch marks round their mouths!'

"But mostly people just stare, particularly workmen on scaffolding. One fella actually walked into a lamp post because he was more interested in what was up my jumper than in watching where he was going!"

Though she's never actually weighed them, Glenda reckons each jumbo boob weighs about two and a half pounds.

"The biggest drawback is not being able to run for buses. But then, if it's a bloke driving he tends to stop for me whether I'm at a bus stop or not!"

40+ LETTERS

FRIENDS & NEIGHBOURS!

Dear Ed.,

Much as I love my husband Terry, things haven't always been so frolicky and fun-loving. Last year when he found out I'd been having a relationship with the wife of our next door neighbour, he threatened to divorce me. Then he broke down and sobbed I didn't love him any more on account of his prick being too small. Talk about getting the wrong end of the stick! Sometimes when he's after the other and champing at the bit, his cock's so big and hard, I can hardly bear to have it worked up me.

The real reason Enid and I got together, was sheer bloody loneliness. I told Terry right from the start, I was unhappy about moving out into the suburbs and leaving all our London friends behind, but he knew best, of course. That's men for you.

Enid, my (then) new neighbour was brilliant, always popping round to see if I was okay. We'd go on shopping trips together, have elevenses together and borrow clothes from one another. Everything was purely platonic and stayed that way for almost a year. It was only when our mutual boredom drove us to Mother's ruin (sherry with morning coffee, progressing to big gin and tonics), the fun and games started.

"We snogged while we felt each other up, my neighbour and I. Enid lifted my T-shirt up around my bare tits and fondled with my nipples."

I remember that first morning round at Enid's house, like it was yesterday. Enid confessed (giggle-giggle) that she suspected her husband was masturbating over Swedish hard-core, so I asked if I could have a gander. Well, the mags in question were so downright filthy, they fairly put me in the mood.

"Tell you what," said Enid, "you turn the pages, right? I'll play with mine, you play with yours."

We got the giggles, sitting there at the kitchen table, playing with ourselves like cockstruck teenagers. The thought of it, two housewives in their late forties!

"I've got a better idea," I blurted, drunkenly. "I'll play with yours, you play with mine."

With Enid's fingertips in my panties, I had no need for dirty pictures. We moved from her uncomfortable kitchen chairs to the front room sofa, Enid drawing the curtains before stepping out of her skirt. Gorgeous thighs for a middle-aged lady...

She got down on her knees on the carpet in front of me and I spread my legs and opened my panties. She dribbled into the palm of her

hand and rubbed the saliva into my gash. My outer lips fell apart like two strips of liver and my clitty popped up like a jack-in-the-box. She slid three fingers in and I was so slick down there, my pussy offered no resistance at all.

We snogged while we felt each other up, my neighbour and I. Enid lifted my T-shirt up around my bare tits and fondled with my nipples. I pulled her panty crotch aside and tickled her slit from bum to clit. Really big, she was - no wonder her husband had to use a dildo on her to get her climbing the walls.

We went upstairs to her bedroom - and took the sherry bottle with us. Okay, so we knew we were doing wrong, but by now we were both gagging for it so much, there was no turning back. Enid lubricated my cunny with surgical jelly and knelt there fucking me, while I spread my legs and rode her hand like a bitch on heat. Nothing she wanted was too filthy in my books.

Enid turned round and buried her face in my thighs, her plump purple cunny nigh glued to my lips. Catching sight of her vibrator peeking out from under the covers, I switched it on and slid it up her flange. The way her outer lips clung to it as I slid it in and out, gave me a major lust-on. All too soon, she and I were locked in an over-the-top cunt-suck, fannies sliding around our mouths as we orgasmed over and over.

"Men, who needs 'em?" said Enid, and we fell about laughing.

But like I say, it was no joke when our husbands found out. Evidently, Enid's old man took a cane to her arse and as I said earlier on, our marriage came within a whisker of falling apart.

But I'm married to a husband in a million. Terry backed down from his, "see you in court" threat at the last minute, appearing at my bedside in the middle of the night, stark naked and sporting an erection which was colossal, even by his standards! Rubbing the sleep from my eyes, I took a gulp of water from the glass on my bedside table, reached for the Vaseline, smeared a great dollop over my darling husbands knob - and tossed him off between my big tits.

How right they were when they say, "the best part of breaking up is when you're making up".

The way he made love to me that night was every bit as good - if not better - than on our honeymoon, twenty years ago. He had it in the back of his mind to punish me as he fucked me, but the way he slapped my arse as he rumped me on my hands and knees worked more like an aphrodisiac than a deterrent.

"Spank me harder!" I gasped, full of prick and having seven bells whacked out of my buttocks. "Tell me what a wicked girl I've been!"

Having orgasmed, Terry pulled his prick from my pussy and made me lick it clean. Again, some punishment! I licked like a slut and did such an excellent job, he swelled back to hardness within a mere two or three minutes.

Not bad, for a bloke who'll be celebrating his fiftieth birthday in December!

Jane,

ANNE from Middlesex

Maggie

"It takes me half an hour to get dressed most mornings because I just love playing with my enormous jugs. I put a tin of Ambrosia creamed rice all over them last week and licked most of it off. It's great having huge lamps because when I'm kneeling they scrape on the floor and it makes my nipples really sensitive, I'm rather good at DIY! When I'm on my back getting a good old pump up they fly around like demented propellers,and, if I give them a big squeeze and pull them really hard I can put my nipples in my ears. Considering some of the old bollocks some men come out with that can be very handy, I can tell you!"

"I work as a Bingo caller in an Arcade and take a marrow with me to sit on, to stop me getting bored. When I say, '88 two big tits,' the silly old buggers slap their pension books on the table. I've had the menopause and now I'm just as randy as I ever was. In fact I get it more now than when I was a trim twenty year old. I think it's because I'm not so choosy as I was... If they can get it hard, then it's mine!"

LINDA

This sexy lady from Yorkshire really enjoys the thrill of a photo session out in the local countryside near to her home.

She says "The thought, or should I say the expectation!, of one of the gorgeous guys who are in my neighbourhood stumbling across me posing totally starkers in the woods, while they're out taking 'Fido' for his early morning walk, is a fantastic turn-on! Although thinking about it, my girl friend who takes the pics may purposely make a 'double exposure!', and spoil the morning for me!"

We don't think so Linda, after all a bird on the land is worth two in the bush!

Carol

Hats off for Carol! This bubbly blonde can really make the sun shine on a dull winter's day 'cos our Carol works at massage in a North London Sauna and Solarium. Needless to say she is kept extremely busy and you would need to book well in advance to sample the delights of her talents!

Carol would not tell us which massage is her speciality but hinted that at the end of treatment the more discerning clients tend to leave smiles on their faces!
